Unit 6: Polynomials
6.14 Worksheet

Name:

Date: $\qquad$ Period: $\qquad$

Inverses of Polynomials

1. Find the inverse of $r(x)=\frac{1}{4} x^{3}+2$. Then graph them both.

2. Find the inverse of $r(x)=3 x^{2}-1$. Then graph them both.

3. Find the inverse of $m(x)=7 x+3$. Then graph them both.
